Learning Management System (LMS) SKNMC, Pune

SKNMC has incorporated Learning management system (LMS) "MOODLE". It is **Modular Object Oriented Dynamic Learning Environment**. It is a learning platform designed to provide a **single robust, secure and integrated system** to empower teaching, learning and administration. MOODLE is the world's most trusted and popular learning management system. Moodle delivers a powerful set of learner-centric tools and collaborative learning environment.

Our institute's LMS website is "www.sknmc.org"

Characteristics of MOODLE LMS :

- **Course Development and Management-**

- Uploading the learning plans of CBME (Competency based medical education) as per the NMC curriculum.
- Encourage Collaboration.
- Embed External Resources.
- Multimedia Integration.
- Peer and Self Assessment.

- **Easy to use-**

A simple interface and well-documented resources along with ongoing usability improvements make Moodle easy to learn and use.

- **Robust, secure and private-**

Committed to safeguarding data security and user privacy, security controls are constantly being updated and implemented in Moodle development processes and software to protect against unauthorised access, data loss and misuse. Moodle can be easily deployed on a private secure cloud or server for complete control.
